

# Beltline Trail to Field Club Trail Connection Study

This study will include an alternatives analysis to evaluate potential alignments for a multi-use pedestrian and bicycle facility to connect from the south end of the planned Beltline Trail at Hamilton Street & Military Avenue to the north end of the Field Club Trail at Leavenworth Street. The study will document the benefits and constraints of each evaluated alternative, propose a preferred alternative, and develop a 10% level concept design and cost estimate for the preferred alternative.
