

Signal Infrastructure Phase X

Omaha's existing traffic signal infrastructure and technology is aging and obsolete. Many safety, operational, and intelligent transportation systems cannot be deployed given the age and state of the existing infrastructure. As recommended in the Traffic Signal System Master Plan, which was approved in October 2013, the City of Omaha needs to update its infrastructure to address these needs. This project will implement improvements identified in the Master Plan at up to 69 signals.

AGENCY: City of Omaha

PROJECT TYPE:

Roadway Expansion

TOTAL PROJECT COST: \$3,837,474

THE FEDERAL PORTION: \$3,069,980

LOCAL MATCH: \$767,494
