Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Omaha – Council Bluffs Metropolitan Area Planning Agency (MAPA), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise MAPA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of MAPA, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 1 through 5 and 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise MAPA's basic financial statements. The combining nonmajor fund financial statements, the schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Government, and Non-Profit Organizations*, and the Schedule of State of Iowa Financial Assistance are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor fund financial statements, the schedule of expenditures of federal awards, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Government, and Non-Profit Organizations*, and the Schedule of State of Iowa Financial Assistance are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2015, on our consideration of the MAPA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering MAPA's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Fiscal Year ending June 30, 2015 (Audited)

MAPA provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of financial activities is for the fiscal year ending June 30, 2015. We encourage readers to consider this information in conjunction with our financial statements, which follow.

FINANCIAL HIGHLIGHTS

MAPA's total governmental fund revenues were \$4,037,298 in fiscal year 2015, an increase of \$56,846 or 1% compared to fiscal year 2014. Increases in in-kind revenue and foundation funding, included in miscellaneous revenue, helped to offset reductions in funding from federal and state grants, local government support and charges for services. MAPA is currently implementing several large, long term studies. These studies vary in funding from year to year, a summary of some of these projects is included below. In 2015, approximately \$717,600 of federal funding was passed on to member jurisdictions.

Project Name	Funding Source	Total Project Cost	Project Years	Revenue			Change from Prior Year
				2015	2014		
MAPA Transportation Planning activities	Department of Transportation		Annual funding	\$ 1,364,617	\$ 952,271	\$ 412,346	43%
MAPA Transportation Planning activities	Federal Transit Administration		Annual funding	\$ 723,210	\$ 401,350	\$ 321,860	80%
Heartland 2050 Sustainability Planning	Department of Housing and Urban Development	\$2.3 Million	2013-2015	530,741	1,063,748	(533,007)	-50%
Carter Lake Restoration	Iowa Department of Natural Resources, Nebraska Department of Environmental Quality	\$3.9 Million	2011-2015	34,650	530,256	(495,606)	-93%
Brownfields petroleum and hazardous substance assessment	Environmental Protection Agency	\$ 835,000	2013-2016	84,636	230,262	(145,626)	-63%
Offut Airforce Base Joint Land Use Study	Department of Defense	\$ 225,000	2014-2016	111,545	9,691	101,854	1051%
				\$ 2,849,399	\$ 3,187,578	\$ (338,179)	-11%

MAPA's governmental fund expenditures were \$3,897,967 in fiscal year 2015, an increase of \$198,750 or 5% compared to fiscal year 2014. A significant percentage of this increase is from in-kind expense and increased tracking of those expenses.

The MAPA Foundation serves two primary functions: 1) it is designated as a Nonprofit Development Organization (NDO) and as such administers Community Development Block Grant (CBDG) loan programs 2) it supports the Metropolitan Area Motorist Assist program (MAMA). The MAMA program utilizes volunteers recruited and supervised by the Nebraska State Patrol to assist motorists stranded on the area's interstate and major highways. The volunteers help to alleviate the workload that would otherwise be the responsibility of local law enforcement. Providing timely and effective assistance to stranded motorists improves the safety and congestion on area metro roadways. The Foundation's total revenues in fiscal year 2015 were \$42,475 a decrease of \$71,712 or 63% compared to fiscal year 2014. In 2014, the Foundation received a foundation grant to be used for the Heartland 2050 project accounting for the decrease in revenue. The Foundation's total expenses in fiscal year 2015 were \$19,513 a decrease of \$17,346 or 47% compared to fiscal year 2014. The foundation did not purchase a vehicle for the MAMA program in 2015 contributing to the decrease in expense from 2014.

MAPA's net position increased 9% or \$162,297 from June 30, 2014 to June 30, 2015.

USING THIS MD&A ANNUAL REPORT

This MD&A annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of MAPA financial activities.

Financial Statements consist of Statement of Net Position, Statement of Activities. Balance Sheet – Governmental Funds, Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds, Statement of Net Position-Proprietary Fund, Statement of Revenues, Expenses, and Changes in Net Position – Proprietary Fund, Statement of Cash Flows – Proprietary Fund, Statement of Fiduciary Net Position – Fiduciary Fund and Statement of Changes in Fiduciary Assets – Fiduciary Funds. These provide information about the activities of MAPA as a whole and present an overall view of MAPA.

The Notes to financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of MAPA's budget for the year, detail of the non-major funds and the Schedule of Expenditures of Federal Awards.

REPORTING FINANCIAL ACTIVITIES

Government-wide Financial Statements

Government-wide financial statements report information about MAPA as a whole, using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of MAPA's assets and liabilities. The purpose of this statement is to present a summary of MAPA to readers of the financial statements. The Statement of Activities accounts for all of current year's revenues and expenses, regardless of when cash is received or paid.

Two government-wide financial statements report MAPA's net position and how they have changed for the period. Net position, the difference between MAPA's assets and liabilities, are one way to measure organizational financial health or position. Over time, increases or decreases in net position are indicators of whether financial position is improving or deteriorating.

Fund Financial Statements

Fund financial statements provide more detailed information about MAPA's funds, focusing on the most significant funds and not the organization as a whole. Funds are accounting devices used to keep track of specific sources of funding and spending on particular programs. MAPA has three types of Funds:

Government funds: Most of MAPA's funds are included in governmental funds, which generally focus on (1) how cash and other financial assets that can be converted to cash, flow in and out, and (2) the balances that are left at year-end that are available for spending. Consequently, governmental fund statements provide a detailed short term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the organization's programs.

Governmental funds include the General Fund along with the non-major Project Fund, the Officials Expense Fund and Revolving Loan Fund. Required financial statements for governmental funds include a Balance Sheet and a Statement of Revenue, Expenditures and Changes in Fund Balances.

Enterprise funds include the MAPA Foundation and have business type activity.

Fiduciary funds: Fiduciary fund types are used to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organization, other governmental units, and/or other funds. MAPA's fiduciary fund is presented in the fiduciary fund financial statements for the pension trust fund for the employees' retirement program.

Required financial statements for fiduciary funds include a Statement of Fiduciary Net Assets-Fiduciary Fund and related Statement of Changes in Fiduciary Net Position-Fiduciary Funds.

The Summary of Revenue, Expenses and Changes in Net Position reflect an increase in the net position at the end of the fiscal year of \$162,297 or 9%. In 2015, MAPA was able to utilize in-kind expense as local match for its federal aid planning projects. This resulted in a positive change in net position.

CAPITAL ASSETS

MAPA net capital assets increased from \$40,868 to \$51,227 for the period ended June 30, 2015, an increase of \$10,359. In 2015, MAPA had \$29,299 in capital outlays for furniture, signage and computer software and equipment.

ECONOMIC FACTOR

MAPA relies on funding primarily from the U.S. Department of Transportation (USDOT). Continued funding of Transportation initiatives from USDOT and pass-through of those funds is necessary for MAPA to fulfill its mission.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 1. Summary of Significant Accounting Policies

a. Organization:

MAPA was established in June 1967, as a voluntary three-county regional council of governments under the Nebraska Interlocal Cooperation Act of 1963. The initial three counties comprising MAPA were Douglas and Sarpy counties in Nebraska, and Pottawattamie County in Iowa. Washington County, Nebraska and Mills County, Iowa entered into the Interlocal Cooperation Agreement in 1975 and 1976, respectively.

The operations of MAPA are financed through various federal and state grants and assessments to its members. The Interlocal Cooperation Agreement, as amended, provides that the assessments to each of the five participating counties be determined on a pro rata basis using population figures from the latest official census.

b. Reporting Entity:

MAPA has given consideration to potential component units for which it is financially accountable. The Governmental Accounting Standards Board (GASB) has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of the Organization's governing body and the ability of the MAPA to impose its will on that Organization to provide specific financial benefits to, or impose specific financial burdens on the Organization. As required by accounting principles generally accepted in the United States of America, these financial statements present MAPA (the primary government) and its component unit. The component unit is included in MAPA's reporting entity because of the significance of their operational or financial relationships with MAPA. The associated entity over which MAPA is considered to be financially accountable is included in MAPA's financial statements and is described below.

Blended Component Unit - The MAPA Foundation is a legally separate entity from MAPA, but is so intertwined with MAPA that it is, in substance, the same as the Organization. It is reported as a part of MAPA as a Proprietary Fund.

c. Financial Statements:

MAPA's financial statements include both government-wide (reporting MAPA as a whole) and fund financial statements (reporting MAPA's major funds). Both government-wide and fund financial statements categorize primary activities as either government or business type.

Government-Wide Statements:

In the statement of net assets, the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. MAPA's net assets are reported in three parts – invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets.

The statement of activities reports both the gross and net cost of each of MAPA's functions. General government revenues also support the functions. The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating-specific and discretionary grants while the capital grants reflect capital-specific grants.

OMAHA-COUNCIL BLUFFS METROPOLITAN AREA PLANNING AGENCY

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

The net costs (by function) are normally covered by general revenue. The government-wide focus is more on the sustainability of MAPA as an entity and the change in MAPA's net assets resulting from current year's activities.

Fund Financial Statements:

The financial transactions of MAPA are reported as individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on the major funds in the governmental activities category. Non-major funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category) for the determination of major funds.

The following fund types are used by MAPA:

Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of MAPA.

General Fund – The primary operating fund is used to account for current financial resources not accounted for in other funds.

Special Revenue Funds – The special revenue fund consists of funding from local jurisdictions to support regional planning and GIS projects. The revolving loan fund consists of funding from various local jurisdictions available to provide loans to eligible businesses and economic development projects. The officials' expense provides for the funding and support of activities, travel, and other expenses related to the elected and appointed officials of MAPA or their designated alternate. Transfers to this fund are from earnings on treasury bills and various other non-governmental revenues.

MAPA designates fund balances in the Governmental Funds as follows:

Restricted - The fund balance is restricted by external impositions such as creditors, grantors, or laws or regulations of other governments.

Committed - The fund balance has been designated by the Board for a specific purpose.

Assigned - The fund balances has not been designated by the Board for a specific purpose, but has been separated based on the type of revenue.

Unassigned - The portion of the General Fund not restricted, committed, or assigned for a specific purpose.

OMAHA-COUNCIL BLUFFS METROPOLITAN AREA PLANNING AGENCY

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

Enterprise Funds:

MAPA Foundation - The MAPA Foundation provides for the funds and support of the safety program, Metro Area Motorist Assist Program, and for the education of local elected and appointed officials for alternative methods to deliver programs and projects. The Foundation is designated as a National Development Organization (NDO). As a NDO the Foundation administers Community Development Block Grant Loan programs.

Fiduciary Funds:

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support MAPA programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to proprietary funds.

MAPA's fiduciary fund is presented in the fiduciary fund financial statements for the pension trust fund. Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

d. Basis of Accounting:

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual – The governmental activities in the government-wide financial statements, proprietary fund financial statements and the fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual – The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

e. Investments:

Investments are stated at fair value. Investments in the Pension Trust Fund are carried at fair value and are administered by a third party.

OMAHA-COUNCIL BLUFFS METROPOLITAN AREA PLANNING AGENCY

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 1. Summary of Significant Accounting Policies (Continued)

f. Capital Assets:

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line method over the following estimated useful lives: furniture, fixtures, and equipment at 5-7 years and automobiles at 5 years.

g. Accrued Compensated Absences:

Employees accumulate earned but unused vacation and sick pay benefits. Vacation pay is expected to be liquidated with expendable available financial resources and is reported as an expenditure and a liability of the General Fund. Accumulated sick pay is recorded at the maximum amount allowed as a termination payment, using the termination payment method.

h. Budgets:

The board of directors adopts an annual budget for its General Fund. The amount appropriated for expenditures represents the expenditure limit. Original appropriations are modified by transfers among budget categories or by increases in funding sources. The board of directors approves the original budget and all significant changes.

i. Income Taxes:

MAPA is a governmental subdivision of the State of Nebraska and, accordingly, no provision for federal or state income taxes is required.

j. Reported Reimbursable Costs:

Revenue is received from federal, state, and county sources, and is based on reported costs as defined by the funding sources and on provision of services. The accompanying financial statements reflect reported costs, which are subject to review by the funding sources and contractors. In the opinion of management, reported costs represent proper costs as defined by funding contract criteria and the various funding sources or contractors have questioned no amounts reported at June 30, 2015.

k. Accounting Estimates:

The preparation of purpose financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

l. Subsequent Events:

MAPA has evaluated subsequent events through December 10, 2015, the date on which the financial statements were issued. MAPA has concluded there are no subsequent events, which have occurred from June 30, 2015 through December 10, 2015 which require additional disclosure.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 2. Cash and Short-term Investments

a. Deposits:

At year end, MAPA's carrying amount of deposits was \$291,058. The bank balances for all funds totaled \$670,755. For purposes of classifying categories of custodial risk, the bank balances of MAPA's deposits, as of June 30, 2015, \$328 held with Paypal were not insured or collateralized.

MAPA also had \$871,303 deposited in the Nebraska Public Agency Investment Trust (NPAIT). NPAIT is a public entity investment pool operated under the direction of a seven member Board of Trustees. Securities held by NPAIT are not held in MAPA's name, are held in a pooled fund and, therefore, are not categorized as to credit risk.

b. Investments:

As of June 30, 2015, MAPA had the following investments.

Investment Name	Maturity	Credit Rating	Fair Value
Certificate of Deposit	8/31/2015	N/A	\$ 98,308
Certificate of Deposit	9/11/2017	N/A	100,480
Certificate of Deposit	7/23/2019	N/A	106,236
Certificate of Deposit	5/1/2020	N/A	49,137
			<u>\$ 354,161</u>

Interest Rate Risk – MAPA's investment goal, as a political subdivision, is to focus on minimizing risk, rather than maximizing funds. In order to control interest rate risk MAPA's investment policy limits the maturity of its investments. The maturity date of any investment shall not exceed ten years. Funds restricted for agency closing costs shall have the following limitations related to maturity dates: At least 25% shall have a maturity date of two years or less. At least 50% shall have a maturity date of 5 years or less.

Credit Risk - State law limits requires all investments to be fully insured or collateralized. MAPA's investment policy limits its investment choices to certificates of deposit, treasury bonds and notes, and NPAIT deposit accounts. The chart above notes the Moody's Investors Service credit ratings as of June 30, 2015.

Concentration of Credit Risk - MAPA places no limit on the amount it may invest in any one issuer. All of MAPA's investments are in Certificates of Deposit as of June 30, 2015.

Investments in Employee's Retirement System:

Investments in the employees' retirement system are carried at fair value. At June 30, 2015, the balances of investments in the employees' retirement system were \$770,345. The investments consist of mutual funds and similar pooled arrangements and, therefore, are not categorized as to credit risk.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended June 30, 2015

Note 3. Notes Receivable, Notes Payable and Revolving Loan Fund

The MAPA Foundation contracts with its members to administer their Community Development Block Grant loan programs. As part of the grant, federal funds are loaned to eligible businesses for business growth and development. MAPA disbursed \$25,000 to local businesses as loans for the year ending June 30, 2015. The loans are lent at 0% interest. As of June 30, 2015, \$259,210 remained in notes receivable of which \$235,998 may be forgiven at the completion of a successful job maintenance period. As of June 30, 2015, MAPA owed the state fund \$235,998, which may be forgiven at the completion of a successful job maintenance period. The other half is deposited into an interest bearing account in MAPA's name. As of June 30, 2015, MAPA had collected \$237,503 for revolving fund loans from multiple projects. The funds MAPA collects on the second set of loans is then considered unrestricted.

Note 4. Capital Assets

Capital asset activity for the year ended June 30, 2015 is as follows:

	<u>Beginning Balance</u>		<u>Additions</u>		<u>Disposals</u>		<u>Ending Balance</u>
Furniture, fixtures, and equipment	\$ 134,350	\$	29,299	\$	(19,679)	\$	143,970

	<u>\$ 40,868</u>	\$	<u>10,359</u>	\$	<u>-</u>	\$	<u>51,227</u>

Note 5. Retirement Plan

In June 1976, the board of directors approved the MAPA employees' retirement program (a money-purchase pension plan). This plan, known as the MAPA Pension Trust, is a defined contribution plan. Participation in the plan is mandatory for employees hired after July 1, 1976. A minimum of 9.5% of each eligible employee's annual compensation is contributed to the plan. 5.5% of the contribution is made by MAPA and the employee makes 4%. Employees may also make voluntary contributions not to exceed an additional 6% of their annual compensation. The current year covered payroll was \$875,020 and the total current year payroll was \$980,296. At June 30, 2015, the retirement plan had assets with a fair value of \$770,345. The participants are 100% vested in employee contributions. Employer contributions vest over a five-year period. During the current year the employer contributed \$48,469. The employees contributed \$36,955, of which \$35,372 (4.0% of covered payroll) was regular contributions and \$1,583 was employee voluntary contributions and sick leave paid out.

Note 6. Deferred Compensation Plan

MAPA sponsors a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all MAPA employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, total and permanent disability, retirement, death, or unforeseeable emergency. The plan assets are held in trust by a third party for the employees and are not reflected in these financial statements.

Transfers from the General Fund to the Non-Major Funds consisted of \$7,583 for the Officials Fund. Transfers of \$200 from the Proprietary Fund to the General Fund was for prior year Revolving Loan administration fee.

Note 10. Risk Management

MAPA is exposed to various risk of loss related to torts, theft, damage or destruction of assets, errors or omissions, injuries to employees, and risks normally associated with a governmental subdivision. These risks are transferred to independent insurance carriers and no self-insurance program is maintained by MAPA beyond normal insurance policy deductible provisions.

Note 11. Commitments and Contingent Liabilities

MAPA participates in a number of federally assisted grant programs. Compliance with the grants is subject to audit by various government agencies, which may impose sanctions in the event of noncompliance. Management believes that they have complied with all aspects of the various grant provisions and the results of adjustments, if any, relating to such audits would be immaterial to the accompanying combined financial statements.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended June 30, 2015

Note 1. Summary of Significant Accounting Policies

The supplementary schedule of expenditures of federal awards relates to the federal grant programs which are administered by the Omaha – Council Bluffs Metropolitan Area Planning Agency. The programs’ accounting records are maintained on the accrual method of accounting. Grant revenue is recognized when the grant funds are earned and expenditures are recognized when the obligation is incurred.

The information presented in the schedule is presented in accordance with the requirements of OMB Circular A-133, “Audits of States, Local Governments, and Non-Profit Organizations”. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

Expenses are subject to audit by the U.S. Government, and in the opinion of management, disallowed costs, if any, will not have a material effect on the financial position of the Omaha – Council Bluffs Metropolitan Area Planning Agency or its federal grant programs.

Note 2. Subrecipients

Of the federal expenditures presented in the schedule, Omaha – Council Bluffs Metropolitan Area Planning agency provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>CFDA</u>	<u>Amount</u>

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"**

To the Board of Directors
Omaha – Council Bluffs Metropolitan Area Planning Agency
Omaha, Nebraska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Omaha – Council Bluffs Metropolitan Area Planning Agency (MAPA) as of and for the year ended June 30, 2015, and have issued our report thereon dated December 10, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered MAPA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of MAPA's internal control. Accordingly, we do not express an opinion on the effectiveness of MAPA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether MAPA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH
REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT
ON EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

To the Board of Directors
Omaha – Council Bluffs Metropolitan Area Planning Agency
Omaha, Nebraska

Report on Compliance for Each Major Federal Program

We have audited Omaha – Council Bluffs Metropolitan Area Planning Agency's (MAPA) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of MAPA's major federal programs for the year ended June 30, 2015. MAPA's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of MAPA's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about MAPA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of MAPA's compliance.

Opinion on Each Major Federal Program

In our opinion, MAPA complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of MAPA is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered MAPA's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of MAPA's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
