# Help Prioritize Long Range Transportation Scenarios

The Omaha-Council Bluffs Metropolitan Area Planning Agency (MAPA) seeks the public's help in ranking six transportation scenarios for potential project areas which would receive federal funding in the coming years. These scenarios are part of the development process for MAPA's 2050 Long Range Transportation Plan (LRTP).

The purpose of the 2050 LRTP is to provide a vision for transportation development for the next several decades. It aims to improve the quality of life for area residents. The six scenarios are based on feedback from surveys and meetings where the public was asked to prioritize goals and strategies for the region's transportation needs.

Six public meetings are scheduled during the public comment period of May 31 through June 14. The meetings will be an open house format, so please arrive at any time during the meeting time frame.

Anyone not able to attend one of the meetings may complete an online survey at:  
**[tinyurl.com/2050-lrtp-survey](http://tinyurl.com/2050-lrtp-survey)**

Meetings of the Metropolitan Area Planning Agency are conducted in compliance with the Nebraska Statutes of the Open Meetings Act. Auxiliary aids, language assistance and services are available when requested at least three (3) business days in advance.
