Amendment 13 to the 2040 LRTP

Long Range Transportation Plan 2040

outreach and marketing activities, equipment purchases, vehicle replacements, and capital improvements which meet the criteria in 23 CFR 771.117(c).

Safety Projects: HSIP funded activities in accordance with the priorities of the State Highway Safety Plan (SHSP) cooperatively developed by both NDOT and Iowa DOT. These plans provide the framework for safety planning in each state and are the framework for the long-range goals identified in Chapter 14 of this plan. Anticipated project types include: capital improvements (such as intersection improvements) which meet the criteria in 23 CFR 771.117(c), traffic signal upgrades, guardrail, equipment purchases, rumble strips, and protective devices at railroad crossings

System Preservation Projects: All STBG-funded bridge projects through the quantitative asset management models managed by the Nebraska Department of Transportation (NDOT) and Iowa DOT and non-regionally significant system preservation activities including resurfacing, patching, crack-sealing, painting, and other minor system preservation activities which meet the criteria in 23 CFR 771.117(c).

Planning Activities: All STBG-funding planning activities including corridor studies, regional plans, and planning efforts in support for the Long Range Transportation Plan (LRTP).

Discretionary Projects: These include projects funded with competitive, one-time, or otherwise unique federal awards that are difficult to predict. The types of projects included here can vary, but they all share a distinct separation from those funded through annual funding formulas.
